

NestGH Frontend Hardening Report

Branch: Frontend · Final commit: 2cb393a · Date: 2026-10-05

1. Bugs found and fixed (14 of 14)

#	Issue	Severity	Fix
1	Town dropdown built ~14,000 options at load (≈2.4 s blocking)	High	Built only after a region is chosen
2	Gold text failed WCAG AA contrast	High	Darkened to #80601a / #6b5114; muted #6a6358
3	Oversized logo/hero images	High	WebP + PNG variants, srcset, width/height
4	59 lint errors (generated vendor file)	Medium	Vendor/generated folders ignored; 0 errors
5	No meta description / theme colour	Medium	Added
6	Footer tap targets under 44 px	Medium	min-height 44 px
7	Max-rent filter not debounced	Medium	200 ms debounce
8	"/" answered with a redirect	Medium	Rewrite instead
9	Unminified assets, no cache headers	Medium	esbuild minify + Cache-Control
10	Below-the-fold sections rendered at start	Medium	content-visibility: auto
11-14	Heading order, aria-label mismatch, dead code, handled state logged as error	Low	Corrected

2. Lighthouse (mobile)

	Before	After
Performance	49	86 (target 90 not met)
Accessibility	94	99
Best Practices	96	100
SEO	91	100
LCP	5.5 s	3.3 s
TBT	1,220 ms	0 ms
CLS	0.004	0.002

3. Load test (autocannon, local machine)

Measures static hosting on this laptop only (generator and server share one CPU). Not the real internet, not the backend.

Connections	next start: req/s	p95	errors	Static server: req/s	p95	errors
100	666	297 ms	0%	1,648	124 ms	0%
500	799	1,011 ms	0%	1,415	803 ms	0%
1,000	711	4,490 ms	11.75%	1,570	1,350 ms	0%
2,000	892	5,367 ms	11.19%	1,391	2,389 ms	0%
3,000	534	12,646 ms	15.87%	1,500	4,041 ms	0%

3,000 connections reached with 0 errors on the static server. p95 < 800 ms holds only up to ~500 connections on this machine.

4. Final checks

Build	Pass
Typecheck	Pass
Lint	0 errors, 16 warnings
Security tests	4 / 4 pass
Console errors (1280 px and 390 px)	None
Horizontal overflow	None

5. Not fixed

- Performance 86 (render-blocking CSS, FCP 3.0 s).
- p95 above 800 ms at 1,000+ connections (laptop CPU saturation); test from a separate machine against the deployed site.
- Supabase unconfigured locally; listing/auth only checked as empty/error states.

6. Docs

docs/BUGS_FOUND.md, docs/LOAD_TEST_REPORT.md, docs/explained/*.md
